Dear Mr. Amlin:

RE: Dangerous Waste Compliance Inspection at All American Metal Finishing
RCRA ID# WAD981772114 on February 5, 2004

Thank you for your time during the recent compliance inspection. The purpose of this inspection was to determine compliance with the Washington State Dangerous Waste Regulations (Chapter 173-303 WAC). These regulations establish a system for safe and responsible management of dangerous waste. Based on my visit to your facility, it appears that your site is regulated as a large quantity generator (LQG) and that most dangerous waste compliance issues have been well addressed.

As we discussed after the inspection, there were a few areas not in compliance with the Dangerous Waste Regulations at All American Metal Finishing. These areas are listed in the enclosed Compliance Report. To correct them, please complete the actions listed in the attached Compliance Certificate within the specified timeframes. Please be aware that failure to correct the areas that were out of compliance may result in the issuance of an administrative order and/or penalty as provided by the Hazardous Waste Management Act (RCW 70.105.080 and .095).

Please complete and submit the Compliance Certificate, along with any requested documentation, to Lisa Perle at PO Box 47600, Olympia, WA 98504 by April 22, 2004 so that our records properly reflect your compliance status. Please do not hesitate to call me at (360) 407-7553 should you have questions or require clarification of any items in the Compliance Report.

Sincerely,

Lisa Perle, Hazardous Waste Specialist
Hazardous Waste and Toxics Reduction Program

RE: Dangerous Waste Compliance Inspection at All American Metal Finishing
RCRA ID# WAD 981 772 114 and WAH 000 025 753 on September 25, 2007

Mr. Amlin:

Thank you for your time during the recent compliance inspections. The purpose of these inspections was to determine compliance with the Washington State Dangerous Waste Regulations (Chapter 173-303 WAC). These regulations establish a system for safe and responsible management of dangerous waste. Based on my visit to your facility, it appears that most dangerous waste compliance issues have been well addressed.

As we discussed after the inspection, there were a few areas of non-compliance with the Dangerous Waste Regulations at All American Metal Finishing. The conditions not in compliance are listed in the enclosed Compliance Report. Please complete the actions needed to achieve compliance as listed in the Compliance Report within the specified timeframes. Please be aware that any uncorrected violations are subject to enforcement action by Ecology, including the issuance of an administrative order and/or penalty under the Hazardous Waste Management Act (RCW 70.105.080 and .095).

Please complete and submit the reply portion of the Compliance Report, *along with a brief explanation of the actions taken for each item on a separate piece of paper*, and any requested documentation, to Daylin Davidson at 3190 160th Ave SE, Bellevue, WA 98008 by December 10, 2007 so that our records properly reflect your compliance status. Please do not hesitate to contact me at DayD461@ecy.wa.gov or (425) 649-7090 should you have questions or require clarification of any items in the Compliance Report.

Sincerely,

Daylin Davidson, Hazardous Waste Compliance Inspector
Hazardous Waste and Toxics Reduction Program
